Moving around the event (2/3)

You will randomly join a table, but you are free to move around as you please. Simply double-click on the table you wish to join. But If you try to join a table that is full, you will receive a message stating that the table is full.

The screenshot displays a virtual event interface titled "Experience Guided Tour + Event". At the top, a red error message box states "The table is full and can only fit 6 people." with a close button (X). Below this, a large orange circular area shows a group of three avatars. A red arrow points from this area to a red-bordered box around the "Second table" in a grid of ten tables below. Each table is represented by a circular icon with letters and avatars. A tooltip above the "Second table" says "Double click to join". To the right, a "Highlights" box lists features: Welcome-Open Networking, Conversation Mode Features, Feature Exploration, Presentation Mode Features, Q&A, and Workshop. A small video player in the top left shows "How to use Remo".

Table discussions with webcam and microphone

Tip: You can turn on your webcam and microphone and be able to speak to the people seated at the same table.

One-click system test

<https://geartest.remo.co/>

Test your microphone, camera, speakers, browser, hardware and internet connection on this page.

This is essential to have an enjoyable event experience.

Browser compatibility

Make sure your browser is updated to the latest version.

On Mac desktops and laptops, Remo is compatible with: Chrome, Safari & Firefox

On Windows 10 desktops and laptops, Remo is compatible with: Chrome & Firefox

On iPhone, Remo is compatible with: Safari

On Android phones, Remo is compatible with: Chrome

Tips for the best networking experience

- ✓ Close all other video applications, as well as memory intensive programs (especially in Windows 10)
- ✓ Close other browser windows
- ✓ Close other tabs in your browser
- ✓ Connect to the internet using a wired connection (faster and more stable than WiFi)
- ✓ When possible, use your Desktop/Laptop rather than mobile phone
