Quality Healthcare Conference

9 October 2022 | Riyadh International Convention and Exhibition Center, KSA

Theme: Improving health care quality in Saudi Arabia

Overview:

In line with the Saudi Vision 2030 and the Health Sector Transformation Program, enhancing healthcare quality, patient safety, and patient experience are at the forefront of the Kingdom's priorities.

In partnership with the **Quality in Health Care Association**, the Quality Healthcare conference will gather key healthcare leaders within the region and will highlight the current trends and issues in patient safety, best practices to improve quality of care, and enhance the quality and efficiency of health services for cooperative health insurance beneficiaries.

Attend to gain free CME accredited education and take away knowledge that can be immediately implemented within your healthcare organisation, and enable the development of effective quality management processes, that ultimately improve patient outcomes.

Key Topics:

- Enhancing healthcare quality care in Health Clusters
- Healthcare development programmes for leadership
- Current trends and issues in patient safety
- Sustainable healthcare: Reimbursement models
- Pathway to healthcare accreditation

Benefits of attending:

- Develop strategies to improve healthcare quality and define steps to implement within the health clusters to offer higher quality and access to health services
- Select the most suitable leadership programs and acquire leadership and managerial skills to support the healthcare transformation initiative
- Recognise the current trends and issues in patient safety and illustrate measures to enhance the patient outcomes
- Identify the assessment process towards acquiring healthcare accreditation and measures to achieve full compliance with standards
- Explain the CCHI measures to enhance the quality and efficiency of health services for cooperative health insurance beneficiaries

Who should attend?

- Heads of Quality
- Heads of Medical Departments
- Quality Managers/Specialists/Analysts
- Quality Assurance Officers/Coordinators
- Managers Quality Improvement
- Risk/Project/ Unit Managers
- Patient Safety Officers
- Accreditation/Education Co-ordinators/Officers
